GREAT AMERICAN REMEDY.

VEGETABLE DYSPEPSIA BITTERS, a sure, speedy and permanent cure for Dyspepsia in its worst forms. This medicine will be found to cure all complaints arising from disorders of the stomach and bowels, biliousness, yellowness of the skin, Liver complaints, Debility, Headache, Nervousness, Low Spirits, Palpitation of the Heart, Costiveness, &c. &c. Please read the following certificate:

Read the following from an eminent physician:

The undersigned being acquainted with some of the ingredients of Hutchings' Vegetable Dyspepsia Bitters, and having used it for some time in his practice with every desired effect, he recommends this medicine from the certainty of its effect, and gives it a preference over all preparations in medicine for that distressing complaint, Dyspepsia.

T. HARDENBERGH, M. D.,

No. 1 Beach street, N. Y.

From Luther A. Wyman, Esq., late President of New York Musical Society, now of Brooklyn:

The undersigned was afflicted with Dyspepsia of the worst form for one year and a half, during a great portion of which time he made use of no remedies, but allowed the disease to take care of itself, until he was recommended to try Hutchings' Dyspepsia Bitters; the very soon derived benefit from the use of a few bottles of this medicine and now considers himself entirely well.

The undersigned has every confidence in the efficiency of Hutchings' Bitters for the cure of this troublesome and dangerous complaint, and he has no hesitation in recommending it as a most valuable medicine.

L. B. WYMAN,

N. York, Sept. 3, 1849. 38 Burling Slip.

The following certificate is from Mr. Brady, the celebrated Daguerreotypist:

Having been afflicted very severely with Dyspepsia, together with extreme weakness he was advised to take Hutchings' Dyspepsia Bitters, and have every reason to believe it has perfectly cured me. I have felt no symptoms of a return of the disease and believe from the effect it had on me that it will cure the worst cases of Dyspepsia.

M. B. BRADY,

No. 205 Broadway, N. Y.

The Proprietor of this medicine has received many other certificates of cures, equally remarkable, of the various diseases for which this preparation is applicable; but the above are deemed necessary to satisfy any unprejudiced mind of its value and superiority above all other preparations.

LITTELL'S LIVING AGE,

E. LITTELL & Co., cor. of Tremont and Bromfield streets, Boston.

This is work is conducted in the spirit of Littell's Museum of Foreign Literature, (which was favorably received by the public for twenty years,) but as it is twice as large, and appears so often, the editor not only gives spirit and freshness to it by many things which were excluded by a month's delay, but whilst thus extending his scope and gathering a greater and more attractive variety, is able so to increase the solid and substantial part of his literary, historical, and political harvest, as fully to satisfy the wants of the American reader.

The elaborate and stately Essays of the Edinburgh, Quarterly, and other Reviews; and Blackwood's noble criticisms on Poetry, his keen political Commentaries, highly wrought Tales, and vivid descriptions of rural and mountain Scenery; and the contributions to Literature, History, and Common Life, by the sagacious Spectator, the sparkling Examiner, the judicious Athenæum, the busy and industrious Literary Gazette, the sensible and comprehensive Britannia, the sober and respectable Christian Observer; these are intermixed with the Military and Naval reminiscences of the United Service, and with the best articles of the Dublin University, New Monthly, Fraser's, Tait's, Ainsworth's, Hood's, and Sporting Magazines, and of Chambers' admirable Journal. He does not consider it beneath his dignity to borrow wit and wisdom from Punch; and, when he thinks it good enough, makes use of, the thunder of the Times.

The steamship has brought Europe, Asia, and Africa, into our neighborhood; and will greatly multiply our connections, as Merchants, Travellers, and Politicians, with all parts of the world; so that much more than ever it now becomes every intelligent American to be informed of the condition and change of foreign countries. And this not only because of their nearer connection with ourselves; but because the nations seem to be hastening, through a rapid process of change, to some new state of things, which the merely political prophet cannot compute or foresee.

Geographical Discoveries, the progress of Colonization, (which is extending over the whole world,) and Voyages and Travels, afford favorite matter for his selections; and, in general, the editor systematically and very fully acquaints his readers with the great department of Foreign affairs, without neglecting our own.

While the Living Age is desirable to all who to keep themselves informed of the rapid progress of the movement—to Statesmen, Divines, Lawyers, and Physicians—to men of business and men of leisure,—it will be found to be equally attractive and useful to their wives and children. It is indispensable to every well-informed family. We say indispensable, because in this day of cheap literature it is not possible to guard against the influx of what is bad in taste and vicious in morals, in any other way than by furnishing a sufficient supply of a healthy character. The mental and moral appetite must be gratified.

By "winnowing the wheat from the chaff," by providing abundantly for the imagination, and by a large collection of Biography, Voyages and Travels, History, and more solid matter, a work is produced, well calculated for universal popularity, and to raise the standard of public taste.

This excellent work is published every Saturday, by E. LITTELL & Co., Boston, who supply orders by mail from all parts of the country. Remit any sum to them, and they will send the work to that amount. Each number makes a handsome pamphlet of 48 pages double col octavo. Price, 12 1-2 cts.,—or by the year, six dollars. We add to our own recommendation, what our readers will value infinitely more, a letter from the late Ex-President J. Q. Adams:—

"WASHINGTON, 27th December, 1845.

Of all the Periodical Journals devoted to Literature and Science which abound in Europe and this country, this has appeared to me to be the most useful. It contains indeed the exposition only of the current literature of the English language, but this by its immense extent and comprehensiveness includes a portraiture of the human mind in the utmost expansion of the present age.

J. Q. ADAMS."

From the Boston Chronotype.

Consumption is the great curse of our northern latitude. It is the blight of domestic felicity and the despoiler of beauty. It robs the cheek of its healthful bloom, the mind of its serenity, and the eye of its brilliancy. It wastes the form, dims the intellect, and plunges its victim into an early grave. The young and old, the scrip and the gay, the city belle and the country lass, are alike its prey and its victims. Blessings on the man, then, whose genius and research furnished us weapons to bid defiance to this "Dweller of the Threshold!" His merits the applause and gratitude of ages—he shall have ours, at least.

WRIGHT'S INDIAN VEGETABLE PILLS SUGAR FROSTED!—The Proprietor of this popular Family Medicine thankful for the extensive and increasing favor with which it is received, and feeling desirous of making every improvement in his power, begs leave to announce, that he has added an OUTSIDE FROSTING to the pills, of pure White Sugar, whereby everything disagreeable to the taste or smell is entirely removed, without in the smallest degree affecting; in other respects, the excellent qualities of the medicine.—The want of an innocent and convenient medium of disguising the Pills, so generally felt, is thus supplied, and it is confidently anticipated that the frosting will prove highly acceptable to the public. The occasional use of medicine is a matter of necessity with the great majority of mankind. Whatever, therefore, is done to remove its disagreeable associations, is a public benefit. The value of Wright's Indian vegetable Pills is well understood. Innocent and efficacious, free from the circumstances and condition of life, they are esteemed beyond all other remedies, as the greatest family medicine of the day. The frost-covering is an addition intended merely to conceal the taste and smell. These Pills will also continue to be prepared without the frosting, as heretofore, so all who prefer them in their original state, will still be accommodated.

GENERAL DIRECTION.—The ordinary dose for a grown person is from two to four Pills; but in cases of violent pain, in any part of the day, the medicine should be taken in large doses, and repeated every night on going to bed, (or oftener if the suffering is great,) until pain, or distress of every kind is removed; after which, the medicine should be taken merely with a view to keeping the bowels regular which will in a short time restore the body to a state of sound health.

For more particular directions, see the circular accompanying each box.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

GROSS DECEPTION,

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will hereafter be known by the name of the NEW ENGLAND TEA COMPANY.

CAUTION TO THE PUBLIC.

IT is now some eight years since the Tea Business, as an exclusive business, was commenced by Fletcher & Co., in this city, during which time the Establishment has flourished beyond expectation. They have furnished their customers with both Teas and Coffees at prices less than other dealers could buy,—which has caused numberless imitations of their stores, some of which imitations have closed; others are still lingering on, using our name, and by this means imposing upon the public; and it is to prevent this

that the New England Tea Company, of Boston have determined to change the name of their store in Providence, which will hereafter be known by the name of the NEW ENGLAND TEA COMPANY.

SATURDAY MORNING, NOV. 23, 1850

## Later from California.

Arrival of the Crescent City.—*New York, Nov. 21st.*—The Steamer Crescent City, from Chagres via Havana, arrived this evening about 6 o' clock.

The Crescent City brings 280 passengers, and $1,600,000 in gold dust.

The steamer, Columbus, had arrived at Panama. She spoke the California one day out bound for San Francisco, with 300 passengers.

The steamer Caroline left San Francisco Oct. 15th, and arrived at Panama on the 3d inst. with $1,500,000. The Columbus left San Francisco on the 19th Oct., and arrived at Panama the 8th inst. with $300,000. The steamer Confidence arrived at Panama Nov. 1st, 15 days from Valparaiso. She will leave in two weeks for San Francisco.—The steamer Pacific arrived at Havana Nov. 16th, with 500 passengers for New Orleans and New York—the greater part for New Orleans; also $281,506 in gold dust.

The new Captain General of Cuba, Gen. Don Jose de la Concha, arrived at Havana, in the Spanish steamship Caledonia, on the 12th inst., and took charge of the government of the Island. On Saturday, he reviewed 7000 regular troops, on the Paseo de Tacon.

The news of the admission of California into the Union was received at San Francisco Oct. 18th, at 11 o'clock, A. M. by the mail steamer Oregon, Lieut. Patterson, U. S. N., and caused a universal outburst of enthusiastic joy, which continued, with roars of cannon, huzzas, bonfires and illuminations throughout the night, and had scarcely slackened when the Columbus left, at 4 P. M., of the 19th ult. The Corporation of San Francisco, and the citizens generally, were already making preparations to celebrate the great event with becoming honors.

when the Crescent City arrived at Port Royal, Jamaica, on her outward passage, the cholera was existing and raging to such an alarming extent, at Kingston and other parts of the Island that it was deemed not prudent by Capt. Stoddard to return that way, according to the usual course, having a large number of passengers.

Extract of a letter from Kingston, Ja., dated Nov. 8th, received at Havana, per British steamer, on the 12th; "I regret to state that our Island, especially our city, has been, and still is, suffering from the cholera. We have had over 1800 deaths from October 16th to the 7th inst, within the city alone, and about 600 in other parts of the Island. Business in consequence is mostly suspended, and all classes are engaged in relieving the wants of the poor and sick."

Mixed Intelligence.—A gentleman just down from Downingville, on the Fork of the North Yuba, reports that the miners in that quarter have been very successful. The Hawkins Bar Co. have changed the entire course of the Tuolumne river, and have been amply rewarded for their labor so far.

Five persons were drowned on Chagres bar, in endeavoring to reach the Pacific in an Indian canoe. Another boat capsized at the same place, the passengers losing their baggage and $11,000 in gold dust.

The Slaver Captured by the Perry.—Captured on the south west coast of Africa, by the U. S. brig Perry, of the schooner Chatsworth, of Baltimore, since arrived at Baltimore, in charge of Passed Midshipman Shepherd. A letter from an officer on board the Perry, dated off Ambriz, Sept. 12, thus speaks of the capture:

"Again we are here, and good luck is with us! The Chatsworth, of Baltimore, is, after all, our prize. We took her yesterday, and are now busy fitting her out for home (Baltimore). Passed Midshipman Shepherd takes the command of her, and she is almost ready to sail—most likely to-morrow will see her off. We have strong testimony to condemn her. Her captain has come out under oath, and confessed all—that she had, besides American flag and papers, Brazilian flag and papers; that she does not belong to the person whose name is on the register, &c., making the case even more certain than that of the "Martha," as there will be no one to appear for her at home.

We have landed all the crew, they not being Americans, and the captain we let go, he having turned State's evidence. The supercargo and real owner who is an Italian, now on shore, will be sent to us, *if he can be caught*. There are now lying at anchor here, two English brigs of war, the "Sea Lark," and "Dolphin," just from England; the "Sea Mew," bound for Salem, Mass.; the "Louisa Beaton," from Rio, and our prize, the Chatsworth."

A Death Scene in Kentucky.—On Saturday last a party of young men, together with the deputy sheriff of this county, proceeded toward the residence of Edmond Beazley, in the Southern portion of this county, to take him for examination as a lunatic, he being, as it was supposed, a lunatic.

On arriving at his farm they halted about three hundred yards from his dwelling house to consult as to the best means to be adopted about arresting him. In the midst of their consultation Beazley came up having a pistol in his hand, and ordered them to leave his farm immediately, or he would resort to means that would compel them to do so. They all left, with the exception of the sheriff and a man named Gilpin.—Gilpin, when ordered to leave, told Beazley if he did not put up the pistol he would kill him, at the same time exhibiting a rifle gun, Beazley thereupon left him and went to his house, Gilpin and the sheriff following a little in his rear.

When Beazley entered his house, Gilpin and the sheriff stopped advancing towards the house. Beazley in a few minutes came out of the house with a pistol cocked, and went up to the fence of the yard, and then told them he would kill them if they advanced another step. The sheriff ordered Gilpin to advance. Gilpin thereupon advanced within ten steps of Beazley.

Beazley then leveled his pistol at Gilpin. Gilpin thereupon drew up his rifle, [illegible] him and shot him through [illegible] Beazley walked ten steps, [illegible] this fire one of the young [illegible] party, that had been driven off, returned and carried him to the house, where he died in a few minutes. Gilpin gave himself up, and is to be tried this afternoon. Much excitement prevails; fears are expressed by some that violence will be done the party who had gone to arrest him.

Salem, Mass., Nov. 11, 1850.

The bark Chusan, Waters, from Accra, West coast of Africa, has arrived, with advices to Sept. 4th. She left the ship Vespasian, Howe, from Salem for leeward soon.

The United States brig Porpoise arrived on the 26th of August and sailed on the 29th for leeward in search of the squadron.

The brig Louisa, Webber, from Salem, also sailed for leeward on the same day.

At Ananaboo, August 25th, ship Minnganio, Gallonjee, for leeward, soon.

All hands on board the above vessels were well.

Naval.—The U. S. brig Porpoise arrived at Accra, West coast of Africa, Aug. 26th, and sailed on the 29th, of the same month for leeward, in search of the U. S. squadron. All well on board.

Dodge, the comic singer, who paid $625 for the first ticket to Jenny Lind's concert in Boston, has made a great dodge, of it. He gave a performance in Boston last week, attended by 3,000 persons, and another at Salem at which 2,500 tickets were sold.

☞In attempting to carve a fowl one day, a gentleman found considerable difficulty in separating its joints, and exclaimed against the man who sold him an old hen for a young chicken.

"My dear," said the enraged man's wife, "don't talk so much about the aged and respectable Mr. B; he planted the first hill of corn that was planted in our town."

"I know that," said the husband, "and I beleive this hen scratched it up."

## LAWS OF THE UNITED STATES.
### BY AUTHORITY.

AN ACT providing for the examination and settlement of claims for land at the Sault Ste. Marie in Michigan.

(Sec. 1.) Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That the register and receiver of the land office at the Sault Ste. Marie be, and they are hereby, authorized to examine, and report upon claims to lots at the Sault Ste. Marie, in township forty-seven north, of ranges one east and one west, in Michigan, according to the provisions hereinafter contained; and pursuant to such instructions as may be given by the Commissioner of the General Land Office.

Sec. 2. And be it further enacted,—That the said Commissioner shall cause the register and receiver to be furnished with a map on a large scale, of the lines of the public surveys at the Sault Ste. Marie, and it shall be the duty of the Secretary of War to direct the proper military officer, on the application of the register and receiver, to designate, or cause to be designated, upon the map aforesaid, the position and the extent of lots necessary for military purposes, as also the position and the extent of any other lot or lots, which may be required for other public purposes, and also the position and extent of the Indian agency tract, and of the Indian reserve.

Sec. 3. And be it further enacted,—That, in the case of any person or persons, or the legal representatives of any person or persons, who are the present bona fide claimants, under the original claims, which are entered in book number seven of the report of the Board of Commissioners, under the act of Congress approved twenty-first of February, eighteen hundred and twenty-three, entitled "An act to revive and continue in force certain acts for the adjustment of land claims in the Territory of Michigan," it shall and may be lawful for such person, within one year from the passage of this act, to present a sworn notice in writing to the register and receiver, setting forth the nature of his claim, with the front and depth necessary to embrace his settlement and improvements, and its position and limits, as accurately as practicable, on the public surveys; also the length of time it has been settled by the present claimant, and the estimated value at the time his right originated, and the estimated value at the present time, exclusive of improvements; and it shall be the duty of the register and receiver to receive, and consider testimony, which may be presented in each case, and call for such further testimony as they may deem necessary, in order to enable them to determine the precise nature of each claim or title, and ascertain under whom the same originated, and to fix its position and extent on the public surveys, and its present value, exclusive of improvements, and also to ascertain the value of the improvements, and further to ascertain whether it interferes with any adverse claim, and the extent of, and nature, such interference; and for the purposes aforesaid, the register and receiver are hereby authorized each to administer oaths, or affirmations, and it shall also be the duty of those officers to record all notices and testimony in support of each claim; and for administering oaths they shall be allowed a fee of twelve-and-a-half cents, and a like sum for every hundred words of testimony which they may record, to be paid by the claimant, and equally divided between the officers aforesaid.

Sec. 4. And be it further enacted,—That in the case of any bona fide claimant who has no right under an original claim, entered in the aforesaid book number seven; but who, on the first day of January, in the year of our Lord eighteen hundred and forty-nine, had reduced a lot into possession, and is an actual and bona fide settler thereon, or occupant thereof, it shall and may be lawful for him to file a sworn notice, stating how long he has been in the actual possession of the lot, the nature of his improvements, the extent of front and depth requisite to embrace his actual settlements and improvements, the estimated value of the lot at the time of his settlement, and its present value, exclusive of improvements, as also the value of such improvements, and also designating, as accurately as practicable, its position upon the public surveys; and it shall and may be lawful for the aforesaid officers, also, to take all necessary testimony in this class of cases in like manner, and perform similar duties as required in the foregoing section, and to receive any notice and evidence of any missionary claim from any party authorized to act, both as to the nature and extent of the same, and the grounds on which it may be entitled to equitable consideration.

Sec. 5. And be it further enacted,—That it shall also be the duty of the land officers to examine and arrange the notices and testimony in all cases filed under this act; and the cases contemplated by the third section, which they may confirm, shall be placed in abstract A, first class, and those under that section which may be rejected by them, shall be placed in abstract A, second class; and in all cases contemplated by the fourth section of this act, the confirmation of the commissioners shall be placed in abstract B, first class, and their rejections in abstract B, second class.

Sec. 6. And be it further enacted,—That in the aforesaid abstracts, the register and receiver shall designate the number of each claim, name of present and of original claimant, area, present value of the lot, exclusive of improvements, and the amount, which in their opinion, it would be just to require as a payment for the same to the Government; and the said officers shall designate on the aforesaid map of the public surveys the location of each claim as near as it can be ascertained from the testimony, with the estimated *actual* value and the assessment thereon of the sum which, in their judgment, should be paid for the same to the Government.

Sec. 7. And be it further enacted, That the surveyor general at Detroit, on being notified of the completion by the land officers of the aforesaid abstracts and map, shall despatch a skilful deputy to the Sault Ste. Marie, who shall file in the land office at that place his affidavit faithfully and impartially to discharge his duty, and thereupon there shall be delivered to him the said abstracts and map, and he shall then proceed forthwith to lay off and survey the village of Sault Ste. Marie into town lots, streets, avenues, public squares, out-lots having regard to the lots and streets already actually surveyed, existing or established, and having regard also, to the existing limits and extent of the lots covered by the claims which shall have been adjudicated by the register and receiver; and after such surveys shall have been completed, the aforesaid deputy shall prepare a plat exhibiting in connexion with the lines of the public surveys the exterior lines of the whole village, also the squares, individual lots, and the public lots, and also the out-lots, designating the lots reserved for military, or other purposes, according to the extent and limits of the same, as fixed by the proper military officers, pursuant to the requirements of the second section of this act, and specifying the name of each claimant of the individual lot, and whether confirmed or rejected, the sum assessed by the register and receiver as a payment which should be made in each case by the party, and also designating the vacant in-lots and out-lots, the former of which shall be subdivided into lots not to exceed each a quarter of an acre, and the latter not to exceed two acres each; and it shall be the duty of the said deputy, from the best information he can obtain, and after conference with the land officers, to specify on the survey of each vacant lot the actual present estimated value, and it shall be the duty of the aforesaid deputy to return to the register and receiver their abstracts and map, and to submit to them his plat of the actual surveys, and if they shall be satisfied that it is in accordance with their adjudications, they shall append a certificate to that effect, and the said deputy shall then transmit the said plat with the field notes to the surveyor General at Detroit for examination of the work, and if that officer shall find it faithfully and properly executed, he shall allow the said deputy a per diem of five dollars for every day actually and necessarily engaged in the preliminary examination and surveys, and in the construction of the plat, and shall also pay all necessary expenses.

Sec. 8. That it shall be the duty of the surveyor general, upon the approval of the plat, or actual survey by his deputy, to return the said plat to the register and receiver, who shall thereupon transmit the same, with their abstracts, maps, and record of testimony, to the Commissioner of the General Land Office, whose decision in every case shall be final, and binding upon the parties and the Government, and who shall have power either to affirm, modify; or reverse the decisions of the register and receiver, and to authorize them to grant a certificate upon the cash payment to the receiver, of what may be determined to be a fair assessment on the lot confirmed; and upon such payment being made, and the return of the certificate to the General Land Office, a patent shall issue. And the said register and receiver shall each receive, from the proceeds of such sales, the sum of five dollars for every claim, examined and adjudicated by them under this act.

Sec. 9. And be it further enacted,—That it shall and may be lawful for the commissioner to order into market, after public notice of at least two months, all vacant lots, or lots to which a claim may be rejected, and to sell the same for cash to the highest bidder, subject to a minimum of two-thirds of their estimated value; and upon such sales being made, and proper returns reported to the General Land Office, the commissioner, if the proceedings are found regular, shall be authorized to issue patents.

Sec. And be it further enacted,—That after all the claims shall have been adjudicated, surveyed, and the vacant lots sold, it shall be the duty of the proper accounting officers of the Treasury to ascertain the nett amount of sales, after deducting all expenses incident to the execution of this act, and such amount shall be paid over by the Secretary of the Treasury to the trustees, or other constituted authorities, of Sait Ste. Marie, to be expended by them in the improvements of the streets and erection of public buildings.

PROFESSOR A. C. BARRY'S

## TRICOPHEROUS OR MEDICATED COMPOUND, FOR THE

INFALLIBLE for renewing, invigorating, and beautifying the Hair, removing Scurf, Dandruff, and all affections of the Scalp, and curing Eruptions on the Skin, Diseases of the Glands, Muscles, and Integuments, and relieving Stings, Cuts, Bruises, Sprains, &c. &c. "With this preparation," there is no such word as fail." The first journals in America, medical men of the highest eminence, prominent citizens of all professions, and ladies who have used it for years in their dressing rooms and nurseries, admit with one accord, that, for imparting vigor, gloss, luxuriance, and curl to the hair, eradicating scurf and dandruff, healing wounds, curing contusions, sprains, stings, &c., and relieving diseases of the skin, the glands, and the muscles, it has no equal among the multitude of compounds advertised in the public prints, or used in private practice. In cheapness as well as efficacy, Barry's Tricopherous is unrivalled. The immense cash sales of the article, have enabled the inventor to supply it at retail at twenty-five cents per bottle, which is from fifty to one hundred per cent. less than the price of any other preparation now in use. The scientific treatise on the hair and skin (embracing valuable directions for the culture and preservation of Nature's choicest ornament,) in which each bottle is enclosed, is alone worth the money.

The affinity between the membranes which constitute the skin, and the hair which draws its sustenance from this triple envelope, is very close — All diseases of the hair originate in the skin of the head. If the pores of the scalp are clogged, or if the blood and other fluids do not circulate freely, through the small vessels which feed the roots with moisture and impart life to the fibres the result is scurf, dandruff, shedding of the hair, grayness, dryness, and harshness of the ligament and entire baldness as the case may be. Stimulate the skin to healthful action with the Tricopherous; the torpid vessels, recovering their activity, will annihilate the disease. In all affections of the skin and of the substrata of muscles and integuments, the process and the effect are the same.— It is upon the skin, the muscular fibre, and the glands, that the Tricopherous has its specific action, and in all affections and injuries of these organs, it is a sovereign remedy.

Sold in large bottles—*price* 25 *cents*—at the Principal Office, 137 Broadway, New York. For sale by the principal Merchants and Druggists throughout the United States and Canadas, and by R. J. TAYLOR, Newport, and J. Balch & Son, Providence, R. I. apr20 6m

## TO THE LADIES.

WASHING, BLEACHING AND CLEANSING FLUID, the greatest labor-saving article yet discovered. By its use, washing machines and boards are entirely dispensed with, and not one quarter the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, and an *immense saving* is thus made. It is emphatically the female's friend.

☞ *Warranted to give perfect satisfaction, or the money will be refunded.*

# SCROFULA

*"If thousands of cures of Scrofula, Cancers, Syphilis, and other loathsome disorders of the Blood—and if the VERY SMALL QUANTITY which was used of a Medicine to effect cures of such disorders, be any proof of the purifying medical power in the Medicine which has subdued and conquered such diseases—then there is unquestionable evidence that—*

## BRANT'S INDIAN PURIFYING EXTRACT

is such a Medicine, in every respect; and there is abundant proof, in great cures effected, that ONE BOTTLE of it contains more purifying, healing virtue, and medical power, than there is contained in FOUR BOTTLES of any Sarsaparilla, or any other medicine that has ever been offered for sale. There is undoubted proof in our pamphlets, that by the use of this great Indian Purifier, they that were DYING yet LIVE—they that were LAME and CRIPPLED can now WALK—they that were SICK, SCROFULOUS and otherwise diseased, have been HEALED and CURED.

### Hundreds—Thousands—

who have used BRANT'S PURIFIER, after having used and tested all the Sarsaparillas and other medicines recommended to cure blood diseases, have decided that—

### Brant's is the Cheapest;

because one bottle of it has more medical, curative matter in it, and, in consequence, cures more disease, in much less time, than one bottle of any other medicine.

If, then, one bottle of BRANT'S PURIFIER will cure FOUR TIMES more disease than one bottle of Sarsaparilla—"BRANT'S PURIFIER" would be as cheap at four dollars a bottle, as sarsaparilla at one dollar. But BRANT'S PURIFIER is sold for only ONE DOLLAR a bottle; and as a bottle of it has cured, and is capable of curing, FOUR TIMES as much disease as one bottle of Sarsaparilla, therefore, Sarsaparilla, in consequence of its less power and less medical efficacy, should be sold at no more than twenty five cents per bottle, to be as cheap as the PURIFIER at one dollar.

### One Dollar's Worth!

How much CANCER—how much SYPHILIS—how much SCROFULA—will one dollar's worth of BRANT'S PURIFIER cure? Read the following statement, which is a specimen of its power:—

### CANCEROUS SCROFULA!

This is the case of a dying man who yet lives. He was cured of a worse case of SCROFULA, by only twelve bottles of Brant's Purifier, than ever was cured by the use of twelve GALLONS of the best Sarsaparilla that was ever made. Sarsaparilla has not sufficient medical power to effect the cure of such a revoltingly hopeless case.

Mr. J. B. HASKIN, of Rome, Oneida Co., N. Y., had for six four years was confined to his bed the last year; was so much diseased and debilitated as to be unable to raise his hand to his head. He had the best medical aid—had used ALL of the best Sarsaparillas to no good effect—got worse and worse, and was considered to be in a dying state, and could not live twenty-four hours longer when he commenced using BRANT'S PURIFIER. His neck was eaten nearly off, from ear to ear; a hole was eaten through his windpipe, under his chin, so that he breathed through the hole; his ear was so eaten around that it could be lifted out of its place, it only holding by a small piece; the use of one arm was destroyed by two ulcers; an ulcer under the arm, as large as a man's hand, had nearly eaten through his side into his body. Thus he was afflicted with twenty such putrid, acrid, offensive ulcers, on various parts of his person. For farther and full particulars, see our PAMPHLETS.

Dr. THOMAS WILLIAMS, one of the most skilful physicians of Rome, was called to see Haskin the day before he commenced using Brant's Purifier. Dr. W. examined him, and then told him that all the medicine in the world would not cure him—that his case was ....

### Worse than Hopeless!

Now hear Mr. HASKIN'S statement of cure! He said: "My wife procured one bottle of BRANT'S PURIFYING EXTRACT, of Bissell & Leonard, druggists of Rome. I commenced using that and began to get better. That bottle enabled me to get off my bed, where I had been confined one year; the second bottle enabled me to get out of the house; the third bottle enabled me to walk two miles, to Rome Centre, where I procured six bottles more; and when I had finished using them, seventeen out of twenty ulcers had healed up—and three bottles more effected a PERFECT CURE of all the ulcers, and restored me to good health!"

### FOURTEEN WITNESSES!

Mr. HASKIN has sworn to the above facts, and the facts are witnessed and certified to by Dr. T. WILLIAMS—Mr. J. R. BROWN, proprietor of the West Rome Hotel—Messrs. BISSELL & LEONARD, wholesale and retail druggists—and ELEVEN other respectable witnesses.

### ANOTHER CURE

Mr. C. B. KINNEY, merchant, Clinton, Oneida county, N. Y., informs us of a cancer-sore ... [illegible] ... BRANT'S PURIFYING EXTRACT. ... [illegible] ... Seven years' experience ... says there are none but what it will cure.

### FEVER-SORE CURED.

The Rev. RICHARD DUNNING, Pastor of the Presbyterian church, Adams Basin, Monroe county, New York, writes to us: "I have just received a letter from Mr. CYRUS DUNNING, relative to the cure of his Fever-sore. You may depend on what it states, for he is a Christian man and an elder in the church. Some years since he had to have one of his legs cut off, to save his life, in consequence of a Fever-sore. The other leg being now affected, and about to be amputated, I recommended BRANT'S MEDICINE. ... BOTTLES of BRANT'S MEDICINE. ... from your recommendation, is that Medicine, and I can now say that, with the blessing of God, it has effected a cure on my leg." See Pamphlets for full particulars.

### LIVER-COMPLAINT!

Dr. NATHAN HUBBARD, of Stamford, Conn., one of the oldest and most respectable physicians, was afflicted with Liver-Complaint many years, and was perfectly cured by using BRANT'S PURIFYING EXTRACT. We could name hundreds of other cases, also cured.

### FEMALE WEAKNESSES & COMPLAINTS.

No remedy offered to the public has ever been half as certain and effectual in restoring ALL the incidental weaknesses and irregularities of the sex, as BRANT'S PULMONARY BALSAM. It makes no difference whether the derangement be suppression, excess, or other weakness—it REGULATES ALL, by strengthening the SYSTEM, equalizing the CIRCULATION, and soothing and allaying NERVOUS IRRITABILITY. See pamphlets.

### CHANGE OF LIFE,

from the girl to the woman, and the woman of middle age—the one case is accelerated, and the other so gradually suppressed, as to prevent any of the fatal diseases that frequently arise in consequence of such change.

### Dyspepsia—Sour Stomach!

"ATTICA, Genesee Co., February 1, 1848.

"M. T. WALLACE & CO.—Gentlemen: I was, for more than a year, afflicted with a disease of the stomach. I could not eat any fat or greasy substance without causing great pain, sickness, and vomiting, and was continually affected with a sour stomach. I tried an experiment, tried one bottle of BRANT'S MEDICINE, which, to my utter disappointment, eased and relieved the usual pain after eating. I therefore used a second bottle, which has completely cured the disease. I am now well and hearty, and can eat almost anything without being pained, or the stomach becoming sour. Yours respectfully, T. S. WILCOX."

Mr. Wilcox is a respectable merchant of Attica.

### NURSING SORE-MOUTH, LEUCORRHŒA, &c.

"BYRON, Genesee Co., N. Y., Oct. 19, 1847.

"Messrs. M. T. WALLACE & CO.: Some time last winter my wife became so debilitated from the effects of Leucorrhœa and Nursing Sore Mouth, that she could not ... child or perform any household labor. Her medical treatment was varied according to the advice and prescriptions of the most eminent physicians, until our skill was exhausted in useless efforts. She became so very a skeleton, that at the time she commenced taking Brant's Medicine she weighed no more than eighty-five pounds; but by the time she had taken four bottles, she became perfectly well. The cure is so perfect, that she is now enabled to do all necessary household work, and gained thirty pounds of flesh in four weeks. Yours truly, C. B. GALENTINE."

The reader will observe that Mr. GALENTINE says "our skill." We are informed by Z. S. TERRY, Esq., of the same place, has studied medicine.

### MERCURIAL DISEASES.

BRANT'S PURIFYING EXTRACT is a perfect and thorough eradicator of all the effects of MERCURY, or any of the various preparations of CALOMEL or MERCURY, from the system; and it restores the blood, muscles, and all the parts diseased, to their original, HEALTHY STATE.

### GENERAL DEBILITY OF THE SYSTEM!

Mr. A. HOLTSTANDER, merchant, Oberlin, Lorrain Co., Ohio, wrote, December 19, 1848, and after having stated how like a charm the PULMONARY BALSAM had effected the cure of his wife's consumptive cough, said: "I have personally used BRANT'S PURIFYING EXTRACT, for general debility of my system, and I have no hesitation in saying that it is the best medicine to RESTORE and INVIGORATE THE SYSTEM that I have ever used. In every instance where we have sold BRANT'S MEDICINES, they have proved their efficacy, and given the BEST SATISFACTION."

# BRANT'S INDIAN PULMONARY BALSAM

cures very many of the most strongly marked and developed cases of PULMONARY CONSUMPTION—and, undoubted cases of ulcerated and diseased LUNGS—such HOPELESS cases as were never before cured by any other medicine. So utterly hopeless were some of the afflicted persons, as to have been pronounced by physicians and friends to be ACTUALLY DYING. Some, who had their burial-clothes made, have been cured, and yet live; others, who it was said would not live another day, are now as well and happy as they ever were.

It possesses all the cleansing and purifying virtues nearly as powerful and active as the preparation which we call

BRANT'S INDIAN PURIFYING EXTRACT.

The Balsam differs from the Extract, because it possesses several medications which are peculiarly adapted to, and are essentially necessary for, the cure of

### COUGHS AND CONSUMPTIONS,

and all diseases of a pulmonary nature—such diseases as usually prove so fatal under ordinary treatment, when they attack the

### Breast, Throat, Lungs, and Heart.

This BALSAM HEALS AND CURES ULCERS in the LUNGS, and elsewhere internally, as certainly and easily as the PURIFYING EXTRACT cures and heals ulcers externally. This Balsam cures nine cases of Cough and Consumption out of TEN, after all other remedies have failed to do good.

### Thousands of Consumptions

and Chronic Coughs abundantly prove its unfailing efficacy in such diseases, and its undoubted curative power, and soothing, healing properties, in the following complaints and diseases, viz.: Spitting of Blood, Bleeding at the Lungs, Pain in the Breast and Side, Night-Sweats, Nervous Complaints, Palpitation of the Heart, Chronic Infantum, Dysentery and Summer Complaints in Children and Adults, and ALL FEMALE WEAKNESSES.

### CONSUMPTION. A DYING WOMAN CURED!

We state this cure, to prove the POWER TO SAVE LIFE when this BALSAM is used, even after the person is considered by physicians and friends to be in the last stage of disease—actually DYING—and, in this case, so far gone, that the SHROUD and BURIAL-CLOTHES were bought! For the particulars of this case, and the remarkable and undoubted proof of all the circumstances and facts, we refer to our PAMPHLETS.

This cure was effected on Mrs. ZIBA DYKEMAN, of Ballston Spa, Saratoga County, N. Y. We can prove, beyond a doubt, many other, almost equally hopeless, and innumerable cures of Cough and Consumptions CURED, which were pronounced incurable by SKILLFUL PHYSICIANS.

### A DOCTOR CURED!

DR. J. W. FRENCH, of Hillsdale, Hillsdale county, Michigan, about the 1st of January, 1849, wrote as follows: "I have been in the regular practice of medicine in this place for nine years, but was obliged to quit the practice of my profession in consequence of ill health. I was so severely afflicted with a Chronic Disease of the Lungs, as to convince me that I HAD THE CONSUMPTION, past doubt. I coughed almost incessantly, night and day, and had severe pains and soreness in my chest, side, and breast. I tried the remedies recommended by the most skilful of the profession, all to no effect, excepting the nausea and debility caused by them. I was prejudiced against patent medicines, and have no faith now in them generally. But I was induced as an experiment, more than through faith—to try a bottle of BRANT'S INDIAN PULMONARY BALSAM; and I do here acknowledge, for the benefit of the afflicted or whom it may serve, that the effect of its use on me was the most prompt and salutary of any medicines I ever witnessed the effect of in all my practice. My cough was immediately relieved, and in about eight or ten days I was free from cough, soreness of the chest, and pain, and now consider and pronounce myself A WELL MAN."

Dr. French is now a respectable druggist at Hillsdale.

### FITS, FITS, FITS.

Messrs. J. K. LIPPINCOTT & SON, respectable merchants at Hillsgrove, Sullivan county, Pennsylvania, wrote to us, May 12, 1848, stating, among other BENEFITS which had been derived from the use of BRANT'S PULMONARY BALSAM, that one of their customers had just informed them that her child, which had been subject to FITS for several years, was cured by the use of BRANT'S BALSAM.

### Would soon be in a Grave.

Mr. WILLIAM D. JENNINGS, a merchant at Pierpont Centre, Ashtabula county, Ohio, wrote to us, October 2, 1848, and stated a cure of CONSUMPTION which the use of BRANT'S INDIAN PULMONARY BALSAM had effected in WILLIAM CROCKET, of an adjoining town. He said Mr. Crocket had sought relief from the best physicians and numerous medicines, but found none, for the fatal hold of that unrelenting monster, Consumption, had taken fast hold on his vitals, and was so destroying and debilitating his body, that he was a mere skeleton. He was given up by his physicians and all friends, as one who would soon inhabit a grave. But even in this last extremity, strange and marvellous as it may seem, yet it is true, that the use of only five bottles of BRANT'S INDIAN PULMONARY BALSAM has unclenched the hand of the destroyer, and restored Mr. Crocket to health, and he is now a healthy, hearty, rugged man!

S. D. DANN, Esq., merchant and postmaster at Jefferson, an adjoining town, wrote to us about the same time, and stated that he was acquainted with Mr. CROCKET, and testified to his CURE, and all the above-named facts.

### Could not Live a Day longer!

Messrs. E. B. CALDWELL & CO., of East Oswego, Oswego Co., N. Y., respectable druggists, wrote to us: "We have just heard, through Mr. Whitemore, a respectable citizen of this place, of an important cure of Consumption, which BRANT'S INDIAN PULMONARY BALSAM has produced on the wife of an acquaintance of his, who resides in the town of Palermo, in this county. She had been long confined to her bed, and was so dangerously diseased, that her friends believed it impossible for her to live more than ONE DAY LONGER. But, when all other hope utterly failed, she commenced taking BRANT'S PULMONARY BALSAM, and its medical efficacy has raised her from a DYING BED, so that she is now going about and attending to her domestic household affairs and duties. She acknowledges, and it is very evident, that she is indebted to BRANT'S BALSAM for her recovery from a long, severe, and dangerous sickness; and her friends and neighbours consider that medicine invaluable."

### RAISED FROM THE GRAVE.

Messrs. PRATT & FOSTER, merchants, of West Cornwall, Conn., said BRANT'S BALSAM had effected cures of such hopeless cases of CONSUMPTION in their town, that now no other cough-medicine could be sold there; that it had raised some as if from the GRAVE—some that physicians and all the friends said MUST DIE! One gentleman, in particular, was so far gone, that his physician told him it was useless to take any more medicine. He then, when no hope was left, began to take BRANT'S BALSAM—and is WELL—and is now as well as ever he was!

### Many Consumptions Cured.

Mr. S. H. CLARK, merchant, Clyde, Wayne county, N. Y., wrote to inform us that BRANT'S PULMONARY BALSAM sold readily at Clyde, and said: "If the statements of some of our most respectable people, and personal, visible knowledge, can be relied on, its medical virtues have cured many consumptive persons, several of whom I am acquainted with, who were so hopelessly sick as to be considered, by physicians and all friends, past a possibility of cure; and yet, the facts are, BRANT'S BALSAM has restored them to PERFECT HEALTH."

### LUNGS BLED—MUST DIE!

Mr. Z. S. TERRY, merchant, Byron, Genesee county, N. Y., wrote, August 24, 1849: "BRANT'S MEDICINE is doing wonders here. It has cured a man of Consumption that all the physicians had said must die. When he commenced taking Brant's Medicine, he could not raise his hand to his head; he bled at the lungs, and every symptom seemed to indicate that he must die; but, astonishing to all, he is now able to labor, and rides all over the county. He used only five bottles. It has also cured a young lady of Consumption in Orleans county, which her father says no doctor could cure."

Mr. MILLER, a merchant of the same place, has certified to the truth of the above statement.

### Was believed past Cure!

Mr. CORNELIUS H. SMITH, merchant, Collins Centre, Erie Co., N. Y., January 19, 1849, said: "Your BRANT'S INDIAN PULMONARY BALSAM and BRANT'S PURIFYING EXTRACT are nearly all sold, and I want immediately another supply, for they sell more rapidly, and give better satisfaction, than all the other medicines we have for sale. The Pulmonary Balsam has raised a lady here from a bed of a dangerous and severe sickness, which all the doctors had given up as incurable. They said she MUST DIE with a Consumption of the Lungs. After all had pronounced the case HOPELESS, she commenced taking BRANT'S BALSAM—and now she is well!"

### CHRONIC DYSENTERY,

and SUMMER COMPLAINTS, in children or grown persons, cured without any failure whatever. Also—

### CHOLERA INFANTUM

No mother need ever mourn the death of her child by that child-destroying complaint, when teething in warm weather—Cholera Infantum, or what is called SUMMER COMPLAINT—if "BRANT'S PULMONARY BALSAM" be administered to the child. It should, however, in such cases, be used in twice as large potions as the directions on each bottle prescribe, until the complaint is checked.

### DOCTORS CALL IT WONDERFUL.

DOCT. IRA JOHNSON, of Lexington, Greene Co., N. Y., wrote to us, January 1st, 1849: "I became acquainted with some of the astonishing effects of your BRANT'S INDIAN PULMONARY BALSAM, by having witnessed some most wonderful cures of CONSUMPTION produced by its use, in Monticello, Sullivan Co., New York, about a year since; and have since felt anxious that its great efficacy might become more generally known. The last summer I had a brother-in-law quite sick with consumption, and I felt confident, from what I had seen of the efficacy of BRANT'S BALSAM, that if I could procure it for his use, it would cure him; and as we could not find it in this county, I went to Sullivan county, about ninety miles, and purchased several bottles; but before I returned with the medicine, he died. One of my neighbors was then very much afflicted with pain in the breast and side, and with such a stricture and tightness across his chest, that he breathed with great difficulty. He used one bottle of the medicine that I brought, and it gave immediate relief, and cured him. My wife has used another bottle, and she says it has done her more good than all the other medicines she ever took. From the benefit those persons have derived, and from my recommendations, from what I had previously heard and seen of its good works, many persons here are now wanting the medicines; and as there is no agent in this town, they have persuaded me to write for an agency."

Yours, respectfully, IRA JOHNSON.

### DOCTORS COULD NOT CURE.

Mr. CORNELIUS H. SMITH, merchant, Collins Centre, Erie Co., N. Y., January 16, 1849, said: Your BRANT'S INDIAN PULMONARY BALSAM, and BRANT'S PURIFYING EXTRACT, are nearly all sold; and I want immediately another supply, for they sell more rapidly, and give better satisfaction, than all the other medicines we have for sale.

# DR. CHRISTIE'S GALVANIC BELT, BRACELET, NECKLACE AND MAGNETIC FLUID

**For the Removal and Permanent Cure of all NERVOUS DISEASES,**

And of those Complaints which are caused by an impaired, weakened or unhealthy condition of the NERVOUS SYSTEM.

This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the *most valuable medicinal discovery of the Age.*

### Dr. CHRISTIE'S GALVANIC BELT and MAGNETIC FLUID,

is used with the most perfect and certain success in all cases of

GENERAL DEBILITY,

Strengthening the weakened body, giving tone to the various organs, and invigorating the entire system. Also in FITS, CRAMP, PARALYSIS and PALSY, DYSPEPSIA or INDIGESTION, RHEUMATISM, ACUTE and CHRONIC, GOUT, EPILEPSY, LUMBAGO, DEAFNESS, NERVOUS TREMORS, PALPITATION OF THE HEART, APOPLEXY, NEURALGIA, PAINS in the SIDE and CHEST, LIVER COMPLAINT, SPINAL COMPLAINT, and CURVATURE of the SPINE, HIP COMPLAINT, DISEASES of the KIDNEYS, DEFICIENCY OF NERVOUS and PHYSICAL ENERGY, and all NERVOUS DISEASES, which complaints arise from one simple cause—namely,

### A Derangement of the Nervous System.

In NERVOUS COMPLAINTS, Drugs and Medicines *increase the disease*, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvanism, as applied by this beautiful and wonderful discovery, the exhausted patient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

**Dr. Christie's Galvanic Curatives,**

consists in the fact that they arrest and cure disease by *outward application*, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the infliction.

*They strengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances.* Since their introduction in the United States, only three years since, more than

### 60,000 Persons

including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly subject to Nervous Complaints, have been

ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANIC BELT, suppose the case of a person afflicted with that bane of civilization, DYSPEPSIA, or any other Chronic or Nervous Disorder. In ordinary cases, stimulants are taken, which, by their action on the nerves and muscles of the stomach, afford *temporary* relief, but which leave the patient in a lower state, and with injured faculties; after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worst symptoms of an attack, and simply tie the Belt around the body, using the Magnetic Fluid as directed. In a short period the insensible perspiration will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and thence back again to the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe cases of DYSPEPSIA are PERMANENTLY CURED. A FEW DAYS IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE DISEASE OF YEARS.

### CERTIFICATES AND TESTIMONIALS

**Of the most Undoubted Character,**

From all parts of the Country could be given, sufficient to fill every column in this paper!

### AN EXTRAORDINARY CASE,

which conclusively proves that

**"Truth is stranger than Fiction."**

The following letter, narrating one of the most remarkable events in the annals of Medical Science, is from the

### Rev. Dr. Landis, a Clergyman

of New Jersey, of distinguished attainments and exalted reputation:—

SIDNEY, New Jersey, July 12, 1848.

DR. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about *twenty years* I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. My physicians were skilful and excellent men, but here their prescriptions failed. About *fourteen* years since, in consequence of frequent exposure to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, caused me indescribable anguish. In the severer paroxysms, the skill of my physicians sometimes afforded me great relief; but this relief was only temporary. Farther: in the winter of '45 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was attacked by the Bronchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. *My nervous system was now thoroughly prostrated*, and as my Bronchitis became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. My sufferings were indeed severe, and I had no prospect other than being entirely laid aside from the discharge of those duties, and the performance of those labors in which my soul has ever found the highest of her joys.

But reasoning from effect to cause, I concluded that the *Nervous System* must be reached, before any hope could be indulged of my obtaining relief from these most distressing maladies. In the whole pharmacopeia there seemed to be no remedial agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very sanguine hopes of their efficiency,) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1845. TO MY GREAT ASTONISHMENT, IN TWO DAYS MY DYSPEPSIA HAD GONE; IN EIGHT DAYS I WAS ENABLED TO RESUME MY PASTORAL LABORS; NOR HAVE I SINCE OMITTED A SINGLE SERVICE ON ACCOUNT OF THE BRONCHITIS; AND MY RHEUMATIC AFFECTION ALSO CEASED TO TROUBLE ME. If time permitted, I could fill a sheet of paper with the details of particulars, but I can now only furnish this brief abstract. My Dyspepsia has *never returned*; the Rheumatism once in a while visits me, but not severely, and is easily arrested, and is manifestly being driven from its hold upon my system, and my Bronchial affection is *entirely cured*. Such is the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, WITH HAPPY RESULTS, I BELIEVE IN EVERY CASE.

I am, dear sir, very respectfully yours,
ROBERT W. LANDIS

### DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by

*DR. C. M. JACKSON,*

AT THE GERMAN MEDICINE STORE,

*120 Arch Street, Philadelphia.*

Their power over the above diseases is not excelled—if equalled—by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal, safe, certain and pleasant.

### READ AND BE CONVINCED.

Chas. Robinson, Esq., Easton, Md., in a letter to Dr. Jackson, January 9, 1850, said—

"My wife and myself have received more benefit from your medicine than any other we have ever taken for the Dyspepsia and Liver disease."

"The Tenth Legion," published at Woodstock Va., January 10, 1850, said—

"A GREAT MEDICINE."

"We have uniformly refrained from recommending to the public any of the various Patent Medicines of the day, unless thoroughly convinced of their value. Among those we consider worthy of notice is the *German Bitters*, invented by Dr. Hoofland, and prepared by Dr. Jackson, in Philadelphia. One instance in particular, in which the superior virtues of this medicine has been tested, has fallen under our observation. During the last summer, a son of Mr. Abraham Crabill, of this county, was very seriously afflicted with Liver Complaint, and after trying in vain various remedies, he purchased a bottle of the Bitters, and after using it, was so much relieved of his distressing malady, that he procured another bottle, and is restored ventirel to health."

### READ FURTHER A FEW FACTS.

From "The Weldon Herald," published at Weldon, N. C., January 25, 1850, which said—

*"Patent Medicines."*

"It is very seldom that we make any allusion to Patent Medicines, either approving or otherwise. Unfortunately for the country, and for honest and conscientious inventors and venders of those medicines, the land is becoming flooded with quack preparations, that are made alone for profit, and are fit not even for the dogs. In this state of things it is hard to tell which are, and which are not worth having. If a person gets an indifferent medicine the first time he purchases, he is very apt to condemn the whole of them and buy no more, and inventors must only blame those of their number, (who ignorantly combine plain medicines together for the purpose of making money,) for the ill success which attends the effort of the deserving."

"We believe Dr. C. M. Jackson's 'Hoofland's German Bitters,' to be a most excellent medicine, and one that should be highly popular in these days of Temperance—for they are altogether Vegetable in their composition, without one drop of Alcohol or Spirits in them. This medicine is innocent, but strengthening in its effects, and richly deserving of an unbounded popularity, which, when it becomes known, it will, no doubt, fully enjoy."

Judge M. M. Noah said, in his "Weekly Messenger," January 6, 1850,

"Dr. Hoofland's German Bitters.—Here is a preparation which the leading presses in the Union appear to be unanimous in recommending, and the reason is obvious. It is made after a prescription furnished by one of the most celebrated physicians of modern times—the late Dr. Christopher Wilhelm Hoofland, professor to the University of Jena, private physician to the king of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphatically the enemy of *humbug*, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. He specially recommended it in Liver Complaint, Dyspepsia, Debility, Vertigo, Acidity of the Stomach, Constipation, and all complaints arising from a disordered condition of the stomach, the liver and the intestines. Nine Philadelphia papers express their conviction of its excellence, and several of the editors speak of its effects from their own individual experience. Under these circumstances, we feel warranted, not only in calling the attention of our readers to the present proprietor's (Dr. C. M. Jackson's) preparation, but in recommending the article to all afflicted."

### MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the United States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS:

"It is seldom that we recommend what are termed Patent Medicines to the confidence and patronage of our readers; and, therefore, when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after it has done its guilty race of mischief, but of a medicine long established, universally prized, and which has met the hearty approbation of the faculty itself."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt after using it as directed. It acts specifically upon the stomach and liver; it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to *female* or *infant* with safety and reliable benefit, at any time.

### BEWARE OF COUNTERFEITS.

This medicine has attained that high character which is necessary for all medicines to attain to induce counterfeiters to put forth a spurious article, at the risk of the lives of those who are innocently deceived.

*Look well to the marks of the genuine.*

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

### LIGHT! LIGHT!

The Handsomest, Cheapest, and Best Article for Light, is

**MARSH'S PATENT OIL.**

THIS is a new invention, recently introduced, and now very extensively used by the public. Mr. Marsh is constantly receiving, (both at home and from abroad,) the very highest testimonials of the true merits and great superiority of his new Oil, over everything before used for light. Among these we select the following:

MARSH'S PATENT OIL.—This is the name given to a newly invented Oil, for producing light, which has just been introduced to the public by Mr. Marsh. Having tried it ourselves, we can speak from experience, and do not hesitate to award it a high order of merit. It is entirely free from grease or smell while burning, and is not liable to the too common objection of almost all burning fluids, that of explosion. It gives a beautiful and steady light, is much handsomer than oil, and costs less. For a slight expense, common glass lamps may be fitted with new tubes, and the oil burnt in them.

We recommend a trial to those who would obtain a beautiful light.—[Boston Journal.]

### WASHING, BLEACHING AND CLEANSING FLUID.

THE greatest labor-saving article yet discovered. By its use, washing machines and boards are dispensed with, and not one quarter of the labor is required to do the washing of a family.

The Fluid is a chemical compound of sufficient strength to extract all foreign substances from the cloth, by simply boiling a small quantity of it with the clothes, and without the slightest injury to the most delicate fabric.

The expense is not more than that of the soap ordinarily used, and besides this it will be seen that the great wear and tear of clothing consequent upon the old method of hard rubbing upon a board, and the use of the pounding barrel, is wholly avoided, *immense saving* is thus made. It is emphatically the female's friend.

### A GOOD CHANCE FOR A BAKER

FOR SALE a lot of land containing 10 1-2 acres of good land situated in the town of Whinchenson, Worcester county, Mass., it is within 3 1-2 miles distance from four very thriving manufacturing villages; two lying at the north and the other two south. It is one of the very best opportunities for establishing a Bakery, there being no Bake-house within 10 miles, the above piece of land is in a corner lot containing about 12 acres, there is an application for one acre, and wishing to reserve half an acre for myself, would sell the remaining 10 1-2 acres at the low price of *four hundred dollars*, one half the amount in cash, the balance may stand for a number of years if desired; the lot is well walled on three sides, on the other side is a slip of young Wood, some trees of good size, probably about 3-4 of an acre in this part. There is a fine chance to building on the front, the land is very convenient to fence into pastures, and for mowing for horses and cows; one part is watered by a spring. There is also a large number of bearing Apple trees upon the lot. Fuel is very low, the best of soft and hard wood is sold there from $2 to $3 a cord.
